Experience the Fail-Safe Excellence

### Connectivity

In general terms, connectivity is the ability to connect the systems. For initializing connectivity, we have Created a bonding shape like chemical bonding.

### Growth

For defining a growth in this logo we have created two graph and both are parallelly.

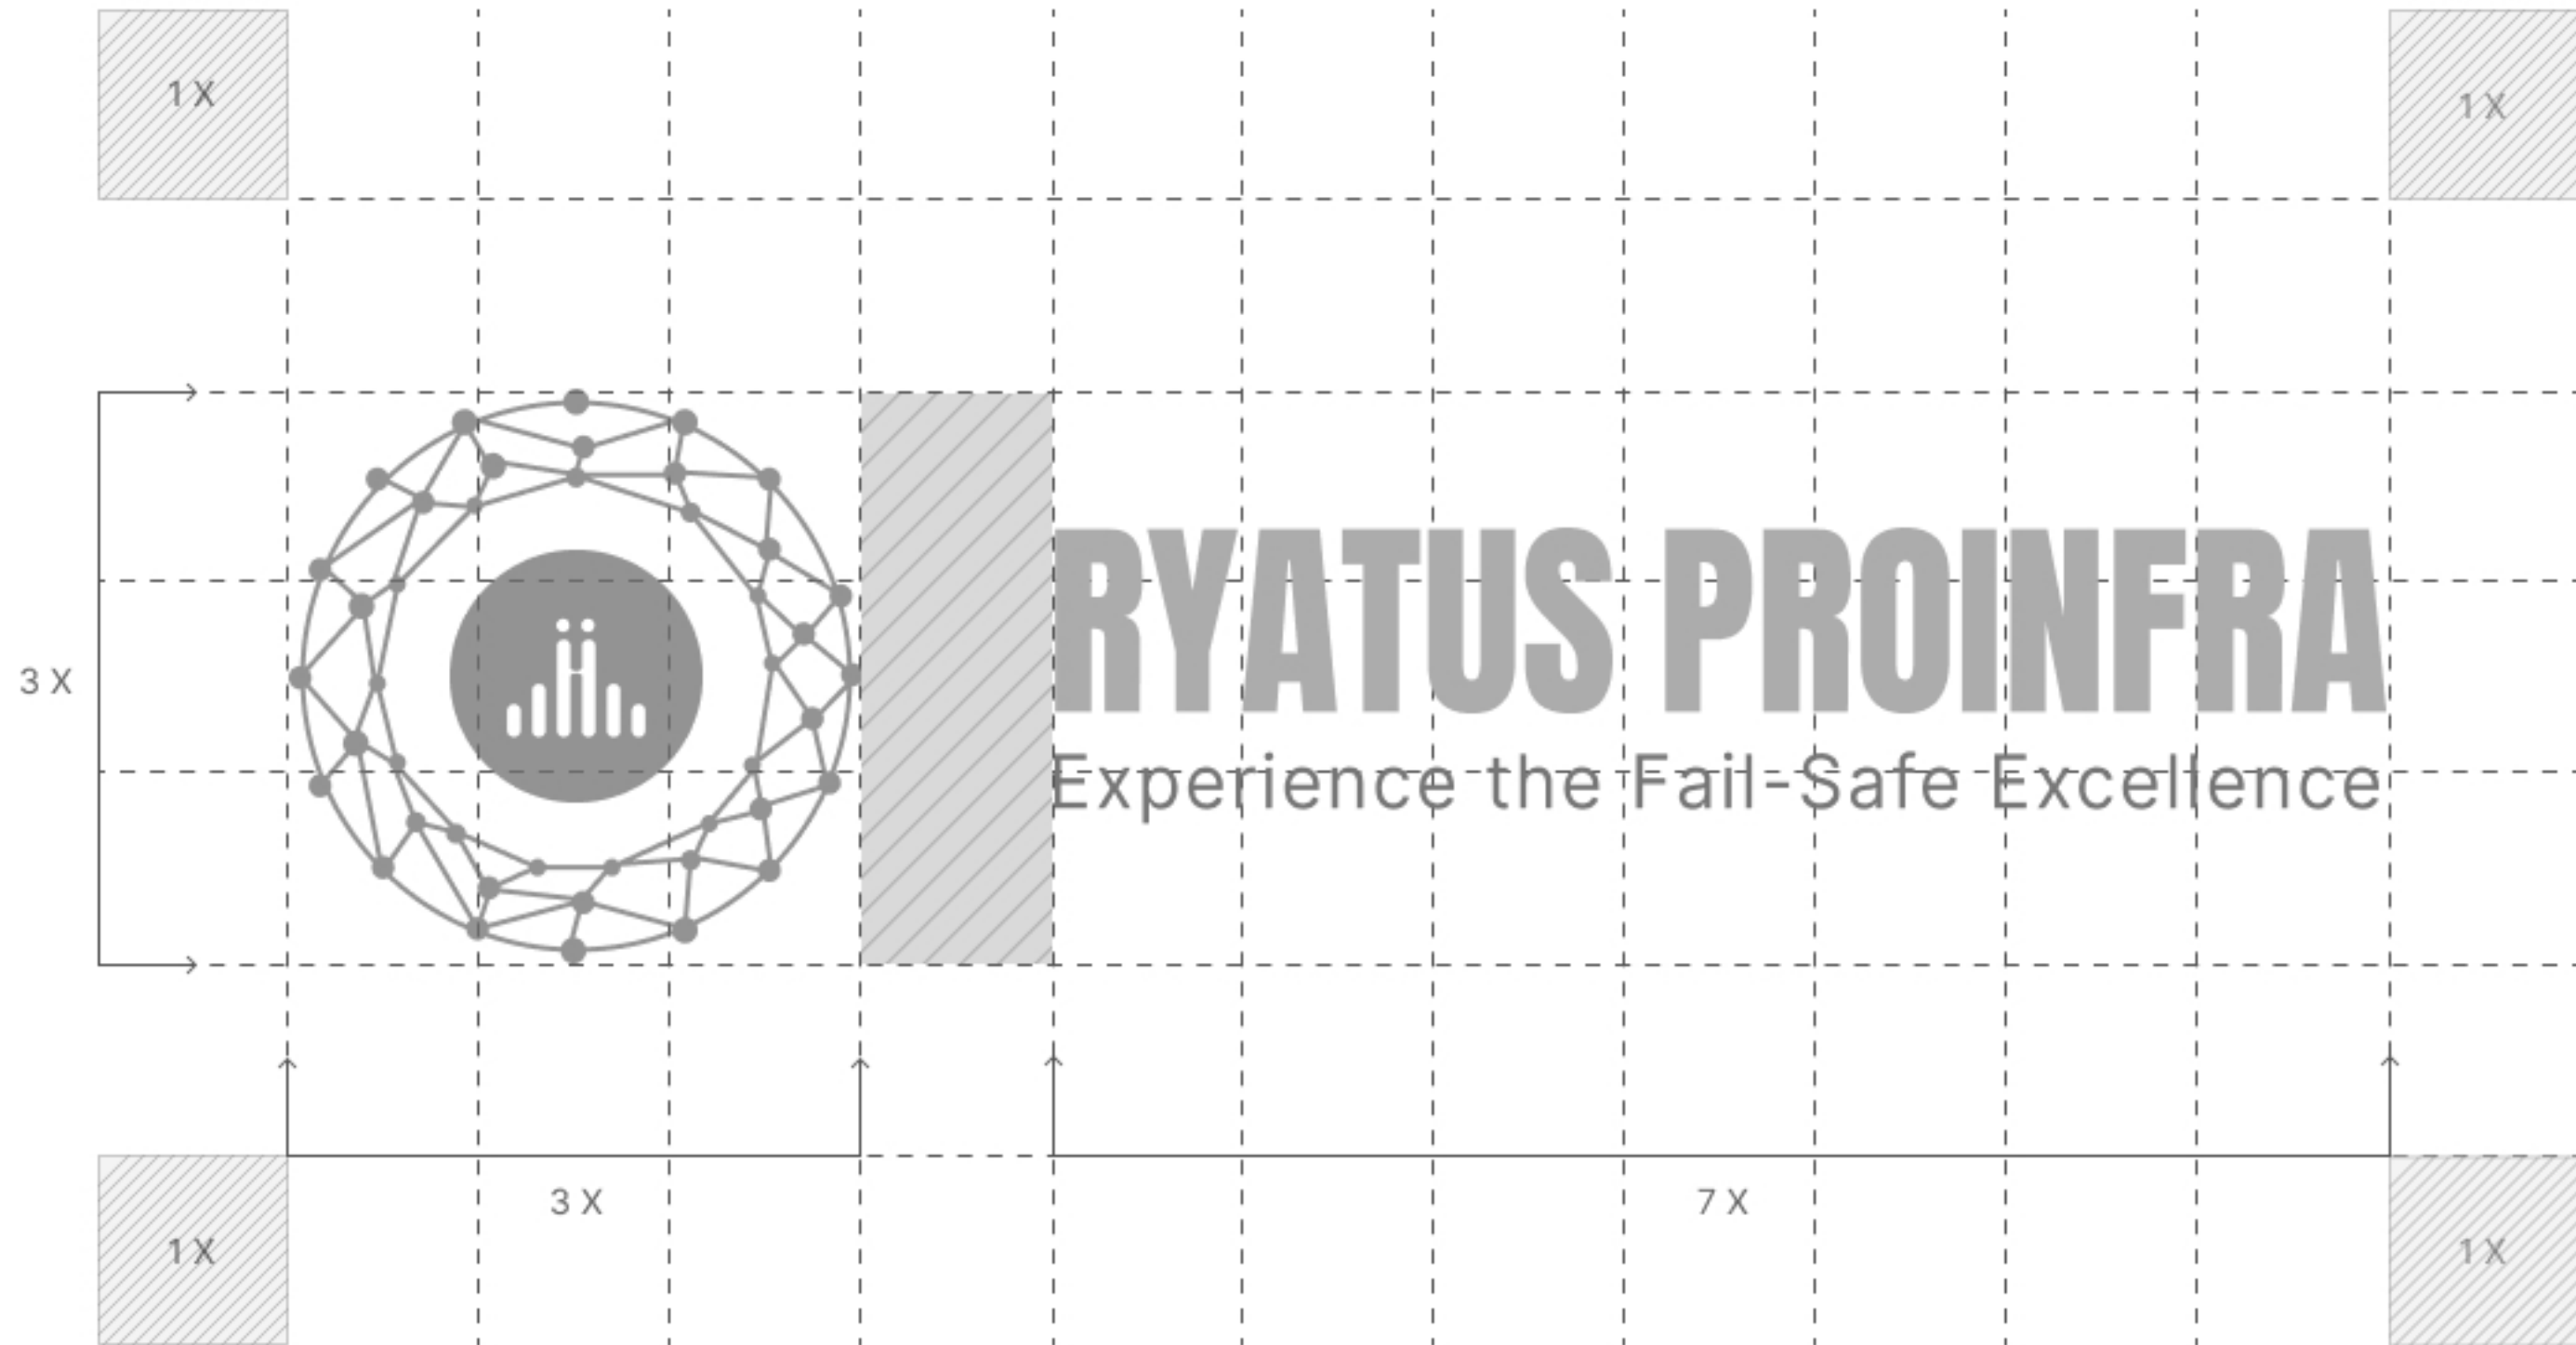

### Safety

For initializing safety we tried to create a shield with the help of circle and connectivity bonds.

### Team

To make a youngest team in the logo: we have defined two person in the logo who shaking hand to each other.
